Empire—"Fatty and Minnie He Haw," an unusually funny two-reel Keystone comedy; another one-reel comedy and a very interesting drama, all prepared for the Guinea day entertainment.

Despite the fact that farmers are unusually busy just now and the farmer's wife is engaged in canning fruit, added to other household duties, Maryville will be hostess to a large audience of persons from all parts of Nodaway county tomorrow, Guinea day. In fact, many from all parts of the county has figured it out that it would be economically profitable to them to let their work go for the one day just to take advantage of the unusual bargains promised by the merchants for tomorrow.

Added to that will be the two hours of free motion picture shows at both the Fern and the Empire theaters tomorrow afternoon and a band concert on the court house lawn tomorrow morning, afternoon and night, besides the three guinea contests, at which approximately $150 in prizes will be offered by the various merchants and business establishments of the city.

To Bring Whole Family.

For these varied reasons the farmers of Nodaway county not only intend, it seems, to come to town tomorrow to shop, but also to bring the whole family, that the members may enjoy the free entertainment, at the same time take advantage of the bargains.

The first guineas for the occasion came in this morning on the southbound Burlington train from Chicago, shipped to Frost & Speirs, produce merchants. There were seven in the shipment and each looked fat and healthy. Another consignment of ten will be brought in by Art Wiley, of near town, while several other consignments of lesser numbers is expected today.

The following program has been prepared by the Fourth Regiment band for tomorrow night, beginning at 8 o'clock:

March, "The Stars and Stripes Forever," Sousa.

Overture, "Morning, Noon and Night in Vienna," Suppe.

Trot, "Ma Poulette," Roberts.

"The Black Man," Sousa.

Medley one-step, "He's a Rag Picker," Berlin.

Sextet from "Lucia," Donizetti.

"Humpty Dumpty," Dalbey.

Waltz, "On the Shores of Italy," Glogan.

One-step, "Chinatown, My Chinatown," Schwartz.

The program for tomorrow morning and afternoon will be varied, according to Director T. B. Maulding.

The final booster trip to advertise Guinea day is being taken this afternoon by a score of live wires to Arkoe, Sunny Brook, Graham and Maitland. The members of the Fourth Regiment band is accompanying the boosters. Elmo will not be visited on account of the great distance.

On Iowa Visit.

Mrs. Frank Frede will leave soon for a visit of several weeks with relatives at Hamburg and Council Bluffs, Ia., and Bigelow, Mo.

EXPECT FAST GAME TODAY

Skidmore Expects to Give Maryville Week-Day Nine Hard Race This Afternoon.

Whether Maryville wins or Skidmore is the victor in the baseball game to begin at 4 o'clock this afternoon at the Normal diamond, is a question that none can answer, but those in charge of the entertainment, promise a hard close fought one at least. If Skidmore wins, the local managers say it will have to "go some."

The game will be witnessed by a large crowd of fans too, it is indicated. Skidmore also will have a bunch of rooters at the game, to counteract the cheering for the local players.

The local players will bat Thieman of Corning, considered one of the best amateur pitchers in the county. The Skidmore batters will line up to meet the curves of that tall, lanky gentleman, Frank Ham of some local fame.

Another game will be played this week by the week-day team, when Hopkins comes here Thursday afternoon. It also will likely be a fast one.

GRIFFEY CASE IS UP AGAIN.

Husband Wants Half of Wife's Personal estate Now—Child Involved.

A hearing to decide whether John Griffey is entitled to half of the personal estate of his late wife, Jessie Scott Griffey, was concluded in probate court this morning before Judge W. H. Conn. Judge Conn announced he would give a decision July 12.

The circuit court recently decided that Griffey is entitled to half the real estate, consisting of seventy acres of the 140-acre Winfield Scott farm, three miles northwest of Maryville, after which the personal property litigation was sent to probate court.

Mrs. Jessie Scott Griffey, wife of the plaintiff, was a daughter of Winfield Scott. Mrs. Griffey died soon after the birth of their one child, over a year old. It now is being decided whether the child is entitled to all the estate of the wife or only half.

Miss Melvin at Berkeley.

Miss Ruby Melvin, the daughter of Mr. and Mrs. J. E. Melvin of this city, who is teaching in the public schools at Long Beach, Cal., has entered the University of California at Berkeley for the summer term, after which she will come to Maryville to visit her parents. Miss Melvin will return to Long Beach in September to teach the coming term.

TEUTONS VICTORS

GERMANY CAPTURED 16,000 SLAVS ON EASTERN LINE.

FRENCH IN SLIGHT GAIN

Battle German Lines and Capture a Temporary Fortification—Lose Trenches in Return.

London, June 15.—Germany claims another decided success along the eastern line. Northwest of Mosciska, in the region of Sieniawa, the German report said that along a line extending over forty-three miles, the entire positions of the Russians were taken and that 16,000 prisoners fell into their hands.

The Russian official report, however, only mentioned the locality where this action is said to have taken place in a paragraph, which declared that the Austro-Germans, after heavy losses in the region of Mosciska, did not resume the offensive.

On the western front the French continue their battering tactics against formidable German positions, with some assistance from the Belgians, who have thrown a battalion across the Yser to the east bank where, south of the Dixmude railway bridge, they destroyed a German blockhouse. They claim that they have retained this position despite German counter attacks.

Berlin claims that the French suffered a severe defeat on the front north of Souchez, and Paris admits the loss of German trenches previously captured in that sector.

WOULD BOOST MISSOURI.

Governor Major Favors Special Train to East to Advertise the State.

A special train to the east for the special purpose of boosting Missouri and its resources is advocated by Governor Major this year. He intends to begin a campaign at once for such an enterprise. It is his idea to take some of the leading state boosters, both men and women, on the special train so as to better advertise the state.

It is planned to appropriately decorate the train, have a band and a commissary.

Celebrate 50th Wedding Anniversary

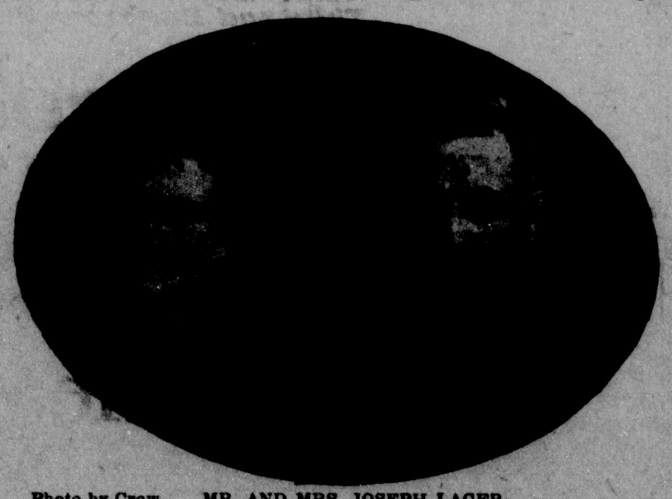

Photo by Crow. MR. AND MRS. JOSEPH LAGER, Of Clyde.

The fiftieth wedding anniversary of Mr. and Mrs. Joseph Lager of Clyde, is being celebrated at the elderly couple's home today. The observance of their golden wedding anniversary began at 7 o'clock this morning with high mass. Four of the little grand daughters were flower girls, while two little grand sons wore sashes with the figures "1865" on one and with "1915" on the other, each worked in gold on the sash.

After the special church services in honor of Mr. and Mrs. Lager, the couple retired to their home where a social and reception was held throughout the day. Although Mr. and Mrs. Lager were married June 13, 1865, the celebration of the anniversary was deferred until today on account of the anniversary day coming on Sunday.

Mr. and Mrs. Lager came to Nodaway county in 1869, settling on a farm where Conception Junction is now located. They continued to reside there until 1902, when they moved to Clyde. Both are hale and hearty yet considering their ages, Mr. Lager being 77 years old and Mrs. Lager 72 years old. They have six children and forty grand children. The children are: Fred Lager, Benedict Lager, Herman Lager, Mrs. S. Coppersmith and Mrs. Albert Meyer, all residing on farms northeast of Clyde, and Joseph Lager of Chesterfield.

Mr. Lager was born October 30, 1838 in Lengaka, Hanover, Germany. He emigrated to the United States in the autumn of 1844 with his parents. They were on the ocean for fourteen weeks, having encountered a great storm and were blown off their course. They were along the equatorial line Christmas day and were compelled to subsist on little food and only one-half pint of water per day.

They finally landed at New Orleans in January, 1845, going from there to Clinton county, Illinois, where Joseph Lager grew to manhood.

He began to learn the blacksmith's trade at 19, and continued that occupation for eleven years or until he engaged in farming. He was married to Miss Agnes Kwlham in Germantown, Ill., June 13, 1865. Her parents also were natives of Germany, though she was born in Frankfort, Ind., August 2, 1845.

BAPTISTS GO A FISHING

Eight Probe Craig's Lake Today for Food for Church Lawn Fry Thursday Night.

Eight loyal workers in the First Baptist church went fishing today at the lake on the Anderson Craig farm, northeast of the city, for the purpose of getting material for the big fish fry to be held on the church lawn Thursday night by the Men's club. The fishermen are the Rev. Lewis M. Hale, Dr. Karl Malotte, M. I. Woods, William Burris, Martin Borrusch, Roy Martin, Chief of Police E. C. Moberly and Sheriff Edwin Wallace.

They left at 10:30 o'clock this morning with the intention of getting not less than 100 pounds of the piscatorial animals and not more than 300 pounds. Though hooks and lines were taken, so also was a seine included in the paraphernalia, that the eight may not come back empty handed.

While fish will be the chief attraction in the lawn fry, corn bread, pickles, coffee, ice cream and cake also will be served. The fry formally celebrates the completion of numerous improvements on the church, in the way of roof repairs, interior decorating and the addition of a balcony.

Paving in front of the church also will be discussed at the meeting Thursday night.

WHAT'S IN A NAME?--A PRIZE

Appropriately Christen Week-Day Base Ball Team and Receive Two Season Tickets.

The management of the week-day base ball team is proud of its players as a whole and is generally well pleased with conditions, but it lacks one thing—that is an appropriate name for the team. So the managers have decided to offer two transferable season base ball tickets to the person sending in the most acceptable name for the base ball nine.

No one will be barred from entering whether they live in Maryville or as far as a thousand miles away, just so the name is received by Fred P. Robinson, chairman of the executive committee, on or before 6 o'clock Monday night, June 21. He and two others uninterested in the team will then pick the winning name and forward the two season tickets.

There are few conditions to the contest. The principal one is that the name must be short and to the point and appropriate to the team. It must also be as nearly as possible unlike names of any base ball team in the county at least. The name must be of one word.

Any person may submit as many names as desired, just so they are received by Fred P. Robinson on or before 6 p. m., June 21. His address is just plain Maryville.

ARE NOT "GOOD ROADS" DAYS.

County Court Refuses to Take Farmers from Work This Week.

Although the annual Missouri "Good Roads" days all over the state were formally called for today and tomorrow by Governor Major, there will be many counties in which this will be deferred. The county court of Nodaway county refused to grant Governor Major's request on account of the farmers being too busy to stop their work now.

The county court of Cole county and of Jackson county and several other counties in Missouri, also refused to abide by the request on that account. W. M. Blackford, presiding judge of the county court of this county, said the court probably would set aside two days later in the season for road improvements.

They expect to be able to have a pastor secured at the expiration of Mr. Harkness' term.

M. S. Flanery has been elected to teach the La Belle school, near Ravenwood next term, according to John Milligan, district clerk, in a letter to County School Superintendent Bert Cooper today. Leland Fyger taught there last term.

SEEK DREDGE PACT

DRAINAGE BOARD OF 102 AND SHOVEL OWNERS CONFER.

MAY FORFEIT CONTRACT

Delay Over Mortgage Against Contractor May Be Ended in Session Today.

A solution of the problem confronting the 102 river drainage district board in the tying up of operations on dredge work through litigation is hoped for by all parties concerned as a result of a conference being held in the offices of Fred Harvey here today between the drainage board and a representative of the owners of the dredge boat. What that solution will be is not yet determined.

It may result in the forfeiture of the present dredging contract, counsel in the case announced today, or it may result in some sort of a compromise being reached whereby the present contractor will be permitted to complete the work. The entire work was supposed to be finished by September 1, but the dredge boat is still about six miles north of here, with only about half the job finished.

Hold Lengthy Session.

The members of the board attending the conference today are Senator Anderson Craig, Maryville; James C. Pistole, Hopkins; Frank Goodspeed, near Maryville, and H. H. McClurg, Pickering. William Hinton, the fifth member of the board, is not attending. The Marion Steam Shovel company, Marion, O., the owners of the dredge boat, which has a mortgage on it yet, is being represented by D. R. Crissinger, vice president and general counselor.

The conference began this morning and is still in progress this afternoon. No work has been done on the channel for several weeks, or since the mortgage became due May 15. It amounts to $11,400 and is against the heirs of D. C. Stephens, who died at Buffalo, N. Y., April 21. Fred P. Robinson of this city is trustee for the heirs and will manage the dredge operations if the legal controversy is settled.

TO INSURE LAND BANK BILL.

Senator Craig Committeeman to Jeff City Conference June 23.

A conference of the leading advocates in Missouri of the Gardner Land Bank act, is set for June 23 in Jefferson City, by Senator Frederick D. Gardner, author, of St. Louis, who spoke in Maryville recently on the bill. Senator Anderson Craig of this city, is a committeeman to the conference. It was largely through his efforts that the bill was passed by the last legislature.

The committee of which Senator Craig is a member, is for the purpose of handling the preliminaries of submitting a constitutional amendment to the voters of the state in 1916, which will authorize and legalize a Missouri state bank, as the Gardner bill provides.

The contract is for one year, with $50 a month rental charge, $40 of this to be paid by the company and $10 by the band management. No occupant for the second floor of the Tribune building, now used as an armory, has been announced yet.

GUICE RECITAL DRAWS CROWD.

Reception for Singer Follows Concert at First Methodist Church.

The Rev. C. N. Guice, who conducted the song service in a three weeks revival at the First Methodist church this spring, gave a song recital at the church last night for the benefit of the Epworth League.

The recital was attended by a large crowd and the program was splendidly given and was received with appreciation by the audience. Following the recital, Mr. Guice was given an informal reception in the league rooms of the church. The reception was attended by a large party of friends of Mr. Guice, who enjoyed the opportunity of renewing his acquaintance. Punch was served during the evening by a committee composed of Miss Vada Foland, Miss Edna Moore, Miss May Howland, Miss Emma Jane Crandall, Miss Ora King and Miss Edna Wilson.

The money earned goes to pay the expenses of the delegates of the Epworth League to the annual institute to be held next month at Baldwin, Kan.

The party were driving from the Oak Ridge cemetery, east of Pickering, when the team became frightened and ran away, throwing all three occupants out.

Mrs. Rutherford's left arm was broken just above the wrist, her nose was fractured and she received some bad bruises about the face and head. Both Mr. Gartens ankles were sprained and he suffered some severe contusions.

WORKERS HERE IN HARMONY EVENT

LOCAL SUNDAY SCHOOL TEACHERS TO LECTURE AT FETE.

MARYVILLE PASTOR TO ADDRESS HOMECOMERS

Rev. R. L. Finch Delivers Sermon Sunday Afternoon—Dean Colbert, W. F. Smith, Mary Evans on List.

The complete program for the sixth annual homecoming to be held at the Harmony church, near Ravenwood, next Sunday morning and afternoon, was announced this morning by the Rev. C. R. Green, pastor. It includes speaking, music and a big home-cooked dinner for all. While no worthy estimate can be made of the number expected to attend Sunday, Mr. Green said he has arranged for a record crowd if the weather is favorable. A total of 2,265 attended last year, and that will probably be increased this year.

Advice from St. Joseph is that a special car will be operated from that city to Ravenwood Sunday over the Chicago Great Western to accommodate the crowd which is expected from that city. Many from towns over all northwest Missouri will go in cars and by regular train. Nodaway county alone is expected to furnish a thousand or more.

Dinner to All Visitors.

Although the dinner to be served on long tables on the church lawn is to be free to all who attend, Mr. Green today urged all who could to bring a basket of food for the dinner, so that there will be no danger of a shortage of food supply.

The program in full follows:

Morning.

9:30—Efficiency lecture to four primary classes of Sunday school, Miss Mary Q. Evans, Maryville.

To intermediate classes by William F. Smith, Maryville. To adult classes on adult work in the Sabbath school, by Dean G. H. Colbert, Maryville.

11:00—Sermon on "Community Uplift," by Dr. Stokley Fisher, professor of English in the Kansas City university, Kansas City.

12:00—Free dinner to all on church lawn.

Afternoon.

1:30—Sermon on religious upbuilding by the Rev. Robert L. Finch, pastor First Christian church, Maryville.

2:00—Address, "The American Boy," by C. D. Morris, publisher of the St Joseph Gazette, St. Joseph.

2:45—Sermon by the Rev. Mr. Moody, pastor of the Methodist church at Bolckow, who was converted at the Harmony church years ago.

3:15—Address by C. M. Houchens, Ravenwood.

3:30 to 5:30—Get-acquainted period, during which time a general social time will be provided that the visitors may mingle together. Several musical numbers are planned for both morning and afternoon services.

FEDERAL TAXES DUE; PAY UP.

Deputy Collector Here to Collect Up Revenues—Hits Many.

Uncle Sam is sending out income tax reminders in this district, through M. M. Harber, United States Internal Revenue Collector at Kansas City.

Individuals and corporations, subject to the income tax, are asked to pay this tax at once. Failure to receive notice of amount due does not exemt parties from penalties woh fail to pay on or before June 30.

The Government fiscal year ends June 30 and all special tax payers are required to file new applications and pay new tax on or before July 1. Failure to do so, will mean that to continue in business, they will be subject to heavy penalty

Taxes due include the following: Income taxes from individuals and corporations, special taxes from wholesale and retail liquor dealers, brewers and rectifiers, and wholesale and retail oleomargarine dealers, new registration and tax from all physicians, dentists, veterinarians, druggists, hospitals, etc., under the anti-narcotic act; special emergency taxes from brokers, theatres, air domes and other public exhibitions, bowling alleys, pool and billiard rooms commission merchants, all dealers in tobacco, cigars and cigarettes.

Wiley O. Cox, Jr., deputy collector of St. Joseph, in charge of the St. Joseph division (including the counties of Andrew, Atchison, Buchanan; Daiess, DeKalb, Gentry, Grundy, Holt, Mercer, Harrison, Nodaway, Putnam, Sullivan and Worth) who was in Maryville a few days ago, says that there are still many persons liable for taxes who have not paid and who have not filed applications for above special taxes. This means that later in June a big rush must follow, when many persons will necessarily fail of registration, and, therefore, all such will incur a heavy penalty.

SUGGESTS NEW FORM OF NAVAL WARFARE

Forces at Work In Berlin For German-American Peace.

Berlin, June 15.—The Lokal Anzieger prints a noteworthy article on German-American relations by its general director, Eugene Zimmerman, which is taken to mean that influential representatives of politics and business are standing behind this paper and exercising their efforts for a German-American understanding.

"President Wilson," says Herr Zimmerman, "desires nothing more and nothing less than an understanding between Germany and England concerning the forms of maritime warfare, which at the same time, will ensure the safety of American passengers. The task is not light considering the development of naval war, but it can be solved if all interests display their good will."

A new form might be given to naval warfare, Herr Zimmerman continues, on the basis that passengers on ships with special marks of identification and sailing under the government guarantee that they are unarmed, should receive proper consideration at the hands of submarine commanders.

CAMINETTI FACES JAIL

Supreme Court Refuses to Review His Conviction.

Washington, June 15.—The supreme court declined to review the conviction of F. Drew Caminetti of Sacramento, Cal., on charges of violating the white slave law.

The court's refusal to review Caminetti's conviction would seem to indicate a similar disposition to the case of Maury F. Diggs, who was convicted with him after a sensational trial, which attracted national attention because of the prominence of Caminetti's father, the commissioner general of immigration, the resignation of United States Attorney McNab at San Francisco, under whose jurisdiction the prosecution came, and a controversy with Attorney General McReynolds and Secretary Wilson of the department of labor, when President Wilson took a hand, appointing a special prosecutor.

Apparently no further legal remedies lie between Caminetti and a jail sentence.

GREEK WAR PARTY WINS AT ELECTION

Paris, June 15.—A dispatch from Athens to the Havas News agency says that the candidates of the party of M. Venizelos, the former premier, who gave up office on account of his policy in favor of war on the side of the allies, were elected in Athens and that elsewhere throughout the kingdom his partisans were successful.

King Constantine has not yet been told of the result of the election, as his physical condition still causes anxiety.

A change of ministry will be impossible until parliament meets and the session may be postponed by the government for forty days. The present cabinet consequently may remain in power until the end of August.

MAY REPLANT OVERFLOW CORN.

Expert Advises Farmers to Retrieve Loss by Planting Early Maturing Vegetables.

Despite the fact that the recent heavy rains and high water have flooded much corn land there is still time for Missouri farmers to grow a crop, according to L. F. Childers, assistant professor of agronomy at the University of Missouri.

"It is not too late to plant corn, if the right varieties are used," said Mr. Childers. "Reid's Yellow Dent and Iowa Silver Mine will mature in from 115 to 120 days. If fields can be replanted by June 15 or 20 these varieties will fit the season."

Mr. Childers says that the average date for the first killing frost in North Missouri is October 10 to 15, and in South Missouri from October 15 to 28. He says it would be a serious mistake to plant either a later maturing corn or an extremely early one when there is but four months in which the corn can grow.

"Ninety-day corn will on the average yield 30 per cent less than Reid's Yellow Dent or Iowa Silver Mine, so it would not be advisable to plant that until after June 20 or later," said Mr. Childers.

"When planting corn under the present conditions it would be a mistake to put it in deeper than one and one-half inches. It is best for the disc to precede the planter, but corn can be planted without previously discing. In this case the planter should be followed with either a disc or small-shoveled cultivator to stir the sufrace and keep it from checking. This cultivation will be necessary because of the many weed seeds brought to the land by the overflow."

ELEVEN SHOT FOR SPYING

Belgians Caught In Plan to Give Information to Enemies of Germany.

Amsterdam, June 15.—A dispatch received here from Berlin says:

"Since the beginning of the war enemies of Germany have employed a number of spies for collecting information. The German authorities recently discovered a conspiracy which has its headquarters at Maestricht.

"Seventeen spies were arrested in Belgium and it was proved that they had communicated information regarding the movement of troops on the Belgian railways. A court-martial condemned to death eleven of the accused and six were sentenced to a total of seventy seven years' penal servitude.

"On June 7 eight of the accused were executed. The three others asked for a pardon and a decision in their case is pending."

Annapolis, Md., June 15.—When the court of inquiry investigating irregularities in examinations at the naval academy reassembled, Congressman James Hay of midshipmen's counsel addressed the court to the effect that the evidence of Midshipman Ward and others indicated that witnesses were being tampered with by the superintendent of the academy before they gave their evidence.

CATTLE AND HOGS HIGHER

Small Supply Sends Live Stock Market Up—Sheep Sell at Lower Prices.

Kansas City Stock Yards, June 14.—The Kansas City cattle market held steady to strong in the face of weaker prices elsewhere. Here the run was moderate, being about 2,000 less than a month ago, and about the same as a year ago. Quality, however, was well suited to local and shipping needs, carrying enough finish to interest the special trades and at the same time enough medium beef to make up the rank and file for killers' use.

In the finished classes of heavy, mediums and light weights, sales were reported at $8.75 to $9.15, the latter price being paid for a load of 779 pound steers and heifers mixed. Western states sold at $8.25 to $8.75.

On the quarantine side sharp competition was evident and prices ruled strong to 10 cents higher. About 18 car loads were on sale. Steers brought $6.50 to $7.65.

The supply of stockers and feeders was short of requirements and prices ruled strong to 10 cents higher and quality considered, the highest this year. Inquiries are increasing from eastern states. Last week an Illinois feeder took a car load of 735-pound steers and heifers mixed at $8.80.

Packers here are having trouble to keep the hog market down to Chicago's level, and last week they paid more here than in Chicago. Today they started to line up the market by taking off 25 to 30 cents, but in that they were not fully successful, and their purchases averaged as high as at the lake market. Shippers paid up to $7.75 and packers' droves cost $7.25 to $7.50, compared with $7.15 to $7.50 in Chicago.

Increasing supplies in the east and lower prices sent spring lambs off 50 to 75 cents, making a break of $1.25 in the past four days. The top price today for springs was $10.35. Sheep were off 15 to 25 cents.

Official receipts at Kansas City today were 6,500 cattle, 13,000 hogs and 7,000 sheep.

OBITUARY.

Mary Emington was born in Grantham, England, December 31, 1822 and died at Pickering June 13, 1915, aged 92 years, 5 months and 13 days. At the age of 22 years she was married to John Bular, and a week later she and her husband started in a sail boat to America, to make their home. They were on the water nine weeks and during the voyage Mr. Bular became ill and died just as they reached land and the body was buried at Staten Island under the auspices of the Masonic lodge. Mrs. Bular then went to New York where she secured employment finally working her way westward to Cleveland, Ohio. Here she was married to John McGuire. Just after their marriage which was fifty years ago, they came west and settled on the farm east of Pickering which has been Mrs. McGuire's home continuously since, with the exception of five years which she spent with a son, A. E. McGuire. Her husband died about forty years ago, and she is survived by three sons. They are E. E., and S. W. McGuire of Pickering and A. E. McGuire of Uniontown, Kan., a daughter, Mina J., died in 1876.

Two years ago Mrs. McGuire fell and injured herself so severely that she never fully recovered and remained an invalid from that time until her death. The funeral services were held Monday afternoon at the home of E. E. McGuire, east of Pickering, conducted by the pastor, Rev. S. P. Stillman. The burial was made in Oak Ridge cemetery. Mrs. McGuire had been a constant member of the Methodist church since her early childhood.

NO SURFACE CARS RUN AT ALL

Great Thoroughfares In Poorer Districts Black With People Trudging to Work—Question of Wages Is Cause of the Walkout.

Chicago, June 15.—The second day of the big Chicago street car strike is proceeding without serious disorder thus far. No surface cars are being run, and only a few trains on the elevated. There was nothing resembling regular service except on the suburban lines of the steam railways, and these were far from adequate.

The strike was the big question before the regular meeting of the city council. Various resolutions looking to a settlement were proposed. One would pledge the city, which is a partner in the profits of the surface lines, to pay a proportionate share of any advance granted the men. Another suggested that a mediation board of five aldermen be appointed.

All manner of vehicle was pressed into service, even roller skates among some of the younger generation, but tens of thousands walked to their places of employment. The great thoroughfares through poorer districts were black with people trudging to work. They overflowed from the sidewalks onto the pavement. The streets had the appearance, except for the general good humor with which the situation was accepted, of the avenues of some city in the war zone from which the population was flying.

The quiet of the day was not accepted by the authorities as assuring continued tranquillity. Chief of Police Healey asked the finance committee of the city council for an appropriation of $477,384 to employ 1,000 extra policemen to be available in event of disorder when the companies made a real effort to operate. The committee decided to take the chief's request under consideration for two weeks.

A drizzling rain most of the day added to the discomfort of the city. Owners of automobiles driving to or from the city submitted generally to the amiable brigandage of those seeking rides. Few machines traveled with empty seats.

SHERMAN LAW HARD HIT

Government Is Denial Appeal In Cash Register Case.

Washington, June 15.—The supreme court declined to review the reversal by the sixth United States circuit court of appeals of the conviction of officials of the National Cash Register company of alleged violations of the Sherman anti-trust law.

By the decision the government lost the most important criminal prosecution that has yet come to trial under the Sherman law.

The circuit court reversed the conviction of President John H. Patterson and other officers of the National Cash Register company which carried jail sentences, although it did not deny the government the right to proceed in some other way.

The government's case contained many sensational allegations of unfair competition and monopoly, and in its appeal to the supreme court for a review referred to the defendants as "steeped in deliberate guilt."

Department of justice officials made no secret that they considered the efficacy of the criminal section of the Sherman law was at stake in the case which was lost to the government.

French Schooner Sunk By Submarine.

Dick Brooks of Quitman is seriously ill with pneumonia. His condition today is critical.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Empire—"Fatty and Minnie He Haw," an unusually funny two-reel Keystone comedy; another one-reel comedy and a very interesting drama, all prepared for the Guinea day entertainment.

Despite the fact that farmers are unusually busy just now and the farmer's wife is engaged in canning fruit, added to other household duties, Maryville will be hostess to a large audience of persons from all parts of Nodaway county tomorrow, Guinea day. In fact, many from all parts of the county has figured it out that it would be economically profitable to them to let their work go for the one day just to take advantage of the unusual bargains promised by the merchants for tomorrow.

Added to that will be the two hours of free motion picture shows at both the Fern and the Empire theaters tomorrow afternoon and a band concert on the court house lawn tomorrow morning, afternoon and night, besides the three guinea contests, at which approximately $150 in prizes will be offered by the various merchants and business establishments of the city.

To Bring Whole Family.

For these varied reasons the farmers of Nodaway county not only intend, it seems, to come to town tomorrow to shop, but also to bring the whole family, that the members may enjoy the free entertainment, at the same time take advantage of the bargains.

The first guineas for the occasion came in this morning on the southbound Burlington train from Chicago, shipped to Frost & Speirs, produce merchants. There were seven in the shipment and each looked fat and healthy. Another consignment of ten will be brought in by Art Wiley, of near town, while several other consignments of lesser numbers is expected today.

The following program has been prepared by the Fourth Regiment band for tomorrow night, beginning at 8 o'clock:

March, "The Stars and Stripes Forever," Sousa.

Overture, "Morning, Noon and Night in Vienna," Suppe.

Trot, "Ma Poulette," Roberts.

"The Black Man," Sousa.

Medley one-step, "He's a Rag Picker," Berlin.

Sextet from "Lucia," Donizetti.

"Humpty Dumpty," Dalbey.

Waltz, "On the Shores of Italy," Glogan.

One-step, "Chinatown, My Chinatown," Schwartz.

The program for tomorrow morning and afternoon will be varied, according to Director T. B. Maulding.

The final booster trip to advertise Guinea day is being taken this afternoon by a score of live wires to Arkoe, Sunny Brook, Graham and Maitland. The members of the Fourth Regiment band is accompanying the boosters. Elmo will not be visited on account of the great distance.

On Iowa Visit.

Mrs. Frank Frede will leave soon for a visit of several weeks with relatives at Hamburg and Council Bluffs, Ia., and Bigelow, Mo.

EXPECT FAST GAME TODAY

Skidmore Expects to Give Maryville Week-Day Nine Hard Race This Afternoon.

Whether Maryville wins or Skidmore is the victor in the baseball game to begin at 4 o'clock this afternoon at the Normal diamond, is a question that none can answer, but those in charge of the entertainment, promise a hard close fought one at least. If Skidmore wins, the local managers say it will have to "go some."

The game will be witnessed by a large crowd of fans too, it is indicated. Skidmore also will have a bunch of rooters at the game, to counteract the cheering for the local players.

The local players will bat Thieman of Corning, considered one of the best amateur pitchers in the county. The Skidmore batters will line up to meet the curves of that tall, lanky gentleman, Frank Ham of some local fame.

Another game will be played this week by the week-day team, when Hopkins comes here Thursday afternoon. It also will likely be a fast one.

GRIFFEY CASE IS UP AGAIN.

Husband Wants Half of Wife's Personal estate Now—Child Involved.

A hearing to decide whether John Griffey is entitled to half of the personal estate of his late wife, Jessie Scott Griffey, was concluded in probate court this morning before Judge W. H. Conn. Judge Conn announced he would give a decision July 12.

The circuit court recently decided that Griffey is entitled to half the real estate, consisting of seventy acres of the 140-acre Winfield Scott farm, three miles northwest of Maryville, after which the personal property litigation was sent to probate court.

Mrs. Jessie Scott Griffey, wife of the plaintiff, was a daughter of Winfield Scott. Mrs. Griffey died soon after the birth of their one child, over a year old. It now is being decided whether the child is entitled to all the estate of the wife or only half.

TEUTONS VICTORS

GERMANY CAPTURED 16,000 SLAVS ON EASTERN LINE.

FRENCH IN SLIGHT GAIN

Battle German Lines and Capture a Temporary Fortification—Lose Trenches in Return.

London, June 15.—Germany claims another decided success along the eastern line. Northwest of Mosciska, in the region of Sieniawa, the German report said that along a line extending over forty-three miles, the entire positions of the Russians were taken and that 16,000 prisoners fell into their hands.

The Russian official report, however, only mentioned the locality where this action is said to have taken place in a paragraph, which declared that the Austro-Germans, after heavy losses in the region of Mosciska, did not resume the offensive.

On the western front the French continue their battering tactics against formidable German positions, with some assistance from the Belgians, who have thrown a battalion across the Yser to the east bank where, south of the Dixmude railway bridge, they destroyed a German blockhouse. They claim that they have retained this position despite German counter attacks.

Berlin claims that the French suffered a severe defeat on the front north of Souchez, and Paris admits the loss of German trenches previously captured in that sector.

It is planned to appropriately decorate the train, have a band and a commissary.

Celebrate 50th Wedding Anniversary

Photo by Crow. MR. AND MRS. JOSEPH LAGER, Of Clyde.

The fiftieth wedding anniversary of Mr. and Mrs. Joseph Lager of Clyde, is being celebrated at the elderly couple's home today. The observance of their golden wedding anniversary began at 7 o'clock this morning with high mass. Four of the little grand daughters were flower girls, while two little grand sons wore sashes with the figures "1865" on one and with "1915" on the other, each worked in gold on the sash.

After the special church services in honor of Mr. and Mrs. Lager, the couple retired to their home where a social and reception was held throughout the day. Although Mr. and Mrs. Lager were married June 13, 1865, the celebration of the anniversary was deferred until today on account of the anniversary day coming on Sunday.

Mr. and Mrs. Lager came to Nodaway county in 1869, settling on a farm where Conception Junction is now located. They continued to reside there until 1902, when they moved to Clyde. Both are hale and hearty yet considering their ages, Mr. Lager being 77 years old and Mrs. Lager 70 years old. They have six children and forty grand children. The children are: Fred Lager, Benedict Lager, Herman Lager, Mrs. S. Coppersmith and Mrs. Albert Meyer, all residing on farms northeast of Clyde, and Joseph Lager of Chesterfield.

Mr. Lager was born October 30, 1838 in Lengaka, Hanover, Germany. He emigrated to the United States in the autumn of 1844 with his parents. They were on the ocean for fourteen weeks, having encountered a great storm and were blown off their course. They were along the equatorial line Christmas day and were compelled to subsist on little food and only one-half pint of water per day.

They finally landed at New Orleans in January, 1845, going from there to Clinton county, Illinois, where Joseph Lager grew to manhood.

He began to learn the blacksmith's trade at 19, and continued that occupation for eleven years or until he engaged in farming. He was married to Miss Agnes Kwlham in Germantown, Ill., June 13, 1865. Her parents also were natives of Germany, though she was born in Frankfort, Ind., August 2, 1845.

BAPTISTS GO A FISHING

Eight Probe Craig's Lake Today for Food for Church Lawn Fry Thursday Night.

Eight loyal workers in the First Baptist church went fishing today at the lake on the Anderson Craig farm, northeast of the city, for the purpose of getting material for the big fish fry to be held on the church lawn Thursday night by the Men's club. The fishermen are the Rev. Lewis M. Hale, Dr. Karl Malotte, M. I. Woods, William Burris, Martin Borrusch, Roy Martin, Chief of Police E. C. Moberly and Sheriff Edwin Wallace.

They left at 10:30 o'clock this morning with the intention of getting not less than 100 pounds of the piscatorial animals and not more than 300 pounds. Though hooks and lines were taken, so also was a seine included in the paraphernalia, that the eight may not come back empty handed.

While fish will be the chief attraction in the lawn fry, corn bread, pickles, coffee, ice cream and cake also will be served. The fry formally celebrates the completion of numerous improvements on the church, in the way of roof repairs, interior decorating and the addition of a balcony.

Paving in front of the church also will be discussed at the meeting Thursday night.

WHAT'S IN A NAME?--A PRIZE

Appropriately Christen Week-Day Base Ball Team and Receive Two Season Tickets.

The management of the week-day base ball team is proud of its players as a whole and is generally well pleased with conditions, but it lacks one thing—that is an appropriate name for the team. So the managers have decided to offer two transferable season base ball tickets to the person sending in the most acceptable name for the base ball nine.

No one will be barred from entering whether they live in Maryville or as far as a thousand miles away, just so the name is received by Fred P. Robinson, chairman of the executive committee, on or before 6 o'clock Monday night, June 21. He and two others uninterested in the team will then pick the winning name and forward the two season tickets.

There are few conditions to the contest. The principal one is that the name must be short and to the point and appropriate to the team. It must also be as nearly as possible unlike names of any base ball team in the county at least. The name must be of one word.

Any person may submit as many names as desired, just so they are received by Fred P. Robinson on or before 6 p. m., June 21. His address is just plain Maryville.

ARE NOT "GOOD ROADS" DAYS.

County Court Refuses to Take Farmers from Work This Week.

Although the annual Missouri "Good Roads" days all over the state were formally called for today and tomorrow by Governor Major, there will be many counties in which this will be deferred. The county court of Nodaway county refused to grant Governor Major's request on account of the farmers being too busy to stop their work now.

The county court of Cole county and of Jackson county and several other counties in Missouri, also refused to abide by the request on that account. W. M. Blackford, presiding judge of the county court of this county, said the court probably would set aside two days later in the season for road improvements.

They expect to be able to have a pastor secured at the expiration of Mr. Harkness' term.

SEEK DREDGE PACT

DRAINAGE BOARD OF 102 AND SHOVEL OWNERS CONFER.

MAY FORFEIT CONTRACT

Delay Over Mortgage Against Contractor May Be Ended in Session Today.

A solution of the problem confronting the 102 river drainage district board in the tying up of operations on dredge work through litigation is hoped for by all parties concerned as a result of a conference being held in the offices of Fred Harvey here today between the drainage board and a representative of the owners of the dredge boat. What that solution will be is not yet determined.

It may result in the forfeiture of the present dredging contract, counsel in the case announced today, or it may result in some sort of a compromise being reached whereby the present contractor will be permitted to complete the work. The entire work was supposed to be finished by September 1, but the dredge boat is still about six miles north of here, with only about half the job finished.

Hold Lengthy Session.

The members of the board attending the conference today are Senator Anderson Craig, Maryville; James C. Pistole, Hopkins; Frank Goodspeed, near Maryville, and H. H. McClurg, Pickering. William Hinton, the fifth member of the board, is not attending. The Marion Steam Shovel company, Marion, O., the owners of the dredge boat, which has a mortgage on it yet, is being represented by D. R. Crissinger, vice president and general counselor.

The conference began this morning and is still in progress this afternoon. No work has been done on the channel for several weeks, or since the mortgage became due May 15. It amounts to $11,400 and is against the heirs of D. C. Stephens, who died at Buffalo, N. Y., April 21. Fred P. Robinson of this city is trustee for the heirs and will manage the dredge operations if the legal controversy is settled.

TO INSURE LAND BANK BILL.

Senator Craig Committeeman to Jeff City Conference June 23.

A conference of the leading advocates in Missouri of the Gardner Land Bank act, is set for June 23 in Jefferson City, by Senator Frederick D. Gardner, author, of St. Louis, who spoke in Maryville recently on the bill. Senator Anderson Craig of this city, is a committeeman to the conference. It was largely through his efforts that the bill was passed by the last legislature.

The committee of which Senator Craig is a member, is for the purpose of handling the preliminaries of submitting a constitutional amendment to the voters of the state in 1916, which will authorize and legalize a Missouri state bank, as the Gardner bill provides.

GUICE RECITAL DRAWS CROWD.

Reception for Singer Follows Concert at First Methodist Church.

The Rev. C. N. Guice, who conducted the song service in a three weeks revival at the First Methodist church this spring, gave a song recital at the church last night for the benefit of the Epworth League.

The recital was attended by a large crowd and the program was splendidly given and was received with appreciation by the audience. Following the recital, Mr. Guice was given an informal reception in the league rooms of the church. The reception was attended by a large party of friends of Mr. Guice, who enjoyed the opportunity of renewing his acquaintance. Punch was served during the evening by a committee composed of Miss Vada Foland, Miss Edna Moore, Miss May Howland, Miss Emma Jane Crandall, Miss Ora King and Miss Edna Wilson.

The money earned goes to pay the expenses of the delegates of the Epworth League to the annual institute to be held next month at Baldwin, Kan.

The party were driving from the Oak Ridge cemetery, east of Pickering, when the team became frightened and ran away, throwing all three occupants out.

Mrs. Rutherford's left arm was broken just above the wrist, her nose was fractured and she received some bad bruises about the face and head. Both Mr. Gartens ankles were sprained and he suffered some severe contusions.

Prof. P. O. Landon of the Conservatory of Music went to Blanchard today, where he and Miss Grace Danner, a graduate of the Conservatory will give a recital this evening.

WORKERS HERE IN HARMONY EVENT

LOCAL SUNDAY SCHOOL TEACHERS TO LECTURE AT FETE.

MARYVILLE PASTOR TO ADDRESS HOMECOMERS

Rev. R. L. Finch Delivers Sermon Sunday Afternoon—Dean Colbert, W. F. Smith, Mary Evans on List.

The complete program for the sixth annual homecoming to be held at the Harmony church, near Ravenwood, next Sunday morning and afternoon, was announced this morning by the Rev. C. R. Green, pastor. It includes speaking, music and a big home-cooked dinner for all. While no worthy estimate can be made of the number expected to attend Sunday, Mr. Green said he has arranged for a record crowd if the weather is favorable. A total of 2,265 attended last year, and that will probably be increased this year.

Advice from St. Joseph is that a special car will be operated from that city to Ravenwood Sunday over the Chicago Great Western to accommodate the crowd which is expected from that city. Many from towns over all northwest Missouri will go in cars and by regular train. Nodaway county alone is expected to furnish a thousand or more.

Dinner to All Visitors.

Although the dinner to be served on long tables on the church lawn is to be free to all who attend, Mr. Green today urged all who could to bring a basket of food for the dinner, so that there will be no danger of a shortage of food supply.

The program in full follows:

Morning.

9:30—Efficiency lecture to four primary classes of Sunday school, Miss Mary Q. Evans, Maryville.

To intermediate classes by William F. Smith, Maryville. To adult classes on adult work in the Sabbath school, by Dean G. H. Colbert, Maryville.

11:00—Sermon on "Community Uplift," by Dr. Stokley Fisher, professor of English in the Kansas City university, Kansas City.

12:00—Free dinner to all on church lawn.

Afternoon.

3:15—Address by C. M. Houchens, Ravenwood.

FEDERAL TAXES DUE; PAY UP.

Deputy Collector Here to Collect Up Revenues—Hits Many.

Uncle Sam is sending out income tax reminders in this district, through E. M. Harber, United States Internal Revenue Collector at Kansas City.

Individuals and corporations, subject to the income tax, are asked to pay this tax at once. Failure to receive notice of amount due does not exempt parties from penalties woh fail to pay on or before June 30.

The Government fiscal year ends June 30 and all special tax payers are required to file new applications and pay new tax on or before July 1. Failure to do so, will mean that to continue in business, they will be subject to heavy penalty

Taxes due include the following: Income taxes from individuals and corporations, special taxes from wholesale and retail liquor dealers, brewers and rectifiers, and wholesale and retail oleomargarine dealers, new registration and tax from all physicians, dentists, veterinarians, druggists, hospitals, etc., under the anti-narcotic act; special emergency taxes from brokers, theatres, air domes and other public exhibitions, bowling alleys, pool and billiard rooms commission merchants, all dealers in tobacco, cigars and cigarettes.

Wiley O. Cox, Jr., deputy collector of St. Joseph, in charge of the St. Joseph division (including the counties of Andrew, Atchison, Buchanan; Daiess, DeKalb, Gentry, Grundy, Holt, Mercer, Harrison, Nodaway, Putnam, Sullivan and Worth) who was in Maryville a few days ago, says that there are still many persons liable for taxes who have not paid and who have not filed applications for above special taxes. This means that later in June a big rush must follow, when many persons will necessarily fail of registration, and, therefore, all such will incur a heavy penalty.

SUGGESTS NEW FORM OF NAVAL WARFARE

Forces at Work In Berlin For German-American Peace.

Berlin, June 15.—The Lokal Anzieger prints a noteworthy article on German-American relations by its general director, Eugene Zimmerman, which is taken to mean that influential representatives of politics and business are standing behind this paper and exercising their efforts for a German-American understanding.

"President Wilson," says Herr Zimmerman, "desires nothing more and nothing less than an understanding between Germany and England concerning the forms of maritime warfare, which at the same time, will ensure the safety of American passengers. The task is not light considering the development of naval war, but it can be solved if all interests display their good will."

A new form might be given to naval warfare, Herr Zimmerman continues, on the basis that passengers on ships with special marks of identification and sailing under the government guarantee that they are unarmed, should receive proper consideration at the hands of submarine commanders.

CAMINETTI FACES JAIL

Supreme Court Refuses to Review His Conviction.

Washington, June 15.—The supreme court declined to review the conviction of F. Drew Caminetti of Sacramento, Cal., on charges of violating the white slave law.

The court's refusal to review Caminetti's conviction would seem to indicate a similar disposition to the case of Maury F. Diggs, who was convicted with him after a sensational trial, which attracted national attention because of the prominence of Caminetti's father, the commissioner general of immigration, the resignation of United States Attorney McNab at San Francisco, under whose jurisdiction the prosecution came, and a controversy with Attorney General McReynolds and Secretary Wilson of the department of labor, when President Wilson took a hand, appointing a special prosecutor.

Apparently no further legal remedies lie between Caminetti and a jail sentence.

Rock the Boat; Three Drowned.

Detroit, June 15.—While returning from a visit to the up-river resorts in a launch, three men were drowned and two succeeded in saving themselves when the boat was capsized from one of the passengers rocking it.

Negro Lynched by Georgia Mob.

Toccoa, Ga., June 15.—Sam Stephens, a negro, accused of attacking a white girl, was taken from the Stephens county jail by a mob of armed men, hanged to a tree and shot to death.

GREEK WAR PARTY WINS AT ELECTION

Paris, June 15.—A dispatch from Athens to the Havas News agency says that the candidates of the party of M. Venizelos, the former premier, who gave up office on account of his policy in favor of war on the side of the allies, were elected in Athens and that elsewhere throughout the kingdom his partisans were successful.

King Constantine has not yet been told of the result of the election, as his physical condition still causes anxiety.

A change of ministry will be impossible until parliament meets and the session may be postponed by the government for forty days. The present cabinet consequently may remain in power until the end of August.

MAY REPLANT OVERFLOW CORN.

Expert Advises Farmers to Retrieve Loss by Planting Early Maturing Vegetables.

Despite the fact that the recent heavy rains and high water have flooded much corn land there is still time for Missouri farmers to grow a crop, according to L. F. Childers, assistant professor of agronomy at the University of Missouri.

"It is not too late to plant corn, if the right varieties are used," said Mr. Childers. "Reid's Yellow Dent and Iowa Silver Mine will mature in from 115 to 120 days. If fields can be replanted by June 15 or 20 these varieties will fit the season."

Mr. Childers says that the average date for the first killing frost in North Missouri is October 10 to 15, and in South Missouri from October 15 to 28. He says it would be a serious mistake to plant either a later maturing corn or an extremely early one when there is but four months in which the corn can grow.

"Ninety-day corn will on the average yield 30 per cent less than Reid's Yellow Dent or Iowa Silver Mine, so it would not be advisable to plant that until after June 20 or later," said Mr. Childers.

"When planting corn under the present conditions it would be a mistake to put it in deeper than one and one-half inches. It is best for the disc to precede the planter, but corn can be planted without previously discing. In this case the planter should be followed with either a disc or small-shoveled cultivator to stir the sufrace and keep it from checking. This cultivation will be necessary because of the many weed seeds brought to the land by the overflow."

Dr. Grace T. Phelps, associated here in the medical practice until last fall with Dr. Charles Bone, was graduated from the College of Osteopathic Physicians and Surgeons of Los Angeles, Cal., June 11.

ELEVEN SHOT FOR SPYING

Belgians Caught In Plan to Give Information to Enemies of Germany.

Amsterdam, June 15.—A dispatch received here from Berlin says:

"Since the beginning of the war enemies of Germany have employed a number of spies for collecting information. The German authorities recently discovered a conspiracy which has its headquarters at Maestricht.

"Seventeen spies were arrested in Belgium and it was proved that they had communicated information regarding the movement of troops on the Belgian railways. A court martial condemned to death eleven of the accused and six were sentenced to a total of seventy-seven years' penal servitude.

"On June 7 eight of the accused were executed. The three others asked for a pardon and a decision in their case is pending."

Naval Officer Influencing Witnesses.

Annapolis, Md., June 15.—When the court of inquiry investigating irregularities in examinations at the naval academy reassembled, Congressman James Hay of midshipmen's counsel addressed the court to the effect that the evidence of Midshipman Ward and others had stated that witnesses were being tampered with by the superintendent of the academy before they gave their evidence.

Italians Advancing on Trieste.

Lugano, Switzerland, June 15.—The Italian eastern army, which has forced its way across the Isonzo, capturing Monfalcone, is pushing forward along the Gulf of Trieste toward the city of Trieste. Further progress was made. The next immediate objective is the town of Nabresina, on the gulf, nine miles from Trieste.

Bryan Has Plan to End War.

Washington, June 15.—Former Secretary Bryan announced through friends here that he will issue a statement proposing means of ending the war. The statement will be entitled, "The Causeless War." It was said it would be Mr. Bryan's last "for the present."

Britain Pays For Cotton Cargo.

CATTLE AND HOGS HIGHER

Small Supply Sends Live Stock Market Up—Sheep Sell at Lower Prices.

Kansas City Stock Yards, June 14.—The Kansas City cattle market held steady to strong in the face of weaker prices elsewhere. Here the run was moderate, being about 2,000 less than a month ago, and about the same as a year ago. Quality, however, was well suited to local and shipping needs, carrying enough finish to interest the special trades and at the same time enough medium beef to make up the rank and file for killers' use.

In the finished classes of heavy, mediums and light weights, sales were reported at $8.75 to $9.15, the latter price being paid for a load of 779 pound steers and heifers mixed. Western states sold at $8.25 to $8.75.

On the quarantine side sharp competition was evident and prices ruled strong to 10 cents higher. About 18 car loads were on sale. Steers brought $6.50 to $7.65.

The supply of stockers and feeders was short of requirements and prices ruled strong to 10 cents higher and quality considered, the highest this year. Inquiries are increasing from eastern states. Last week an Illinois feeder took a car load of 735-pound steers and heifers mixed at $8.80.

Packers here are having trouble to keep the hog market down to Chicago's level, and last week they paid more here than in Chicago. Today they started to line up the market by taking off 25 to 30 cents, but in that they were not fully successful, and their purchases averaged as high as at the lake market. Shippers paid up to $7.75 and packers' droves cost $7.25 to $7.50, compared with $7.15 to $7.50 in Chicago.

Increasing supplies in the east and lower prices sent spring lambs off 50 to 75 cents, making a break of $1.25 in the past four days. The top price today for springs was $10.35. Sheep were off 15 to 25 cents.

Official receipts at Kansas City today were 6,500 cattle, 13,000 hogs and 7,000 sheep.

JOPLIN WOMAN IS RESTORED BY REMEDY

Mrs. Hillman Took Treatment Two Years Ago—Has Been Well Ever Since.

Mrs. Ida Hillman of Joplin suffered from stomach ailments for twelve years. She followed the advice of several expert physicians and took a great deal of medicine. Two years ago she discovered Mayr's Wonderful Remedy—and she has been well since. Mrs. Hillman took but a few doses. She writes:

"I suffered with stomach trouble almost twelve years. I tried many doctors, but received no help until, while in Cleveland, Ohio, I read your notice in a paper and concluded to try Mayr's Wonderful Remedy. Since then I have felt like a new woman.

"I took only four bottles, but that was all that was needed to make me well. It has been almost two years and I have had no return of my trouble."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. OBITUARY.

Mary Emington was born in Grantham, England, December 31, 1822 and died at Pickering June 13, 1915, aged 92 years, 5 months and 13 days. At the age of 22 years she was married to John Bular, and a week later she and her husband started in a sail boat to America, to make their home. They were on the water nine weeks and during the voyage Mr. Bular became ill and died just as they reached land and the body was buried at Staten Island under the auspices of the Masonic lodge. Mrs. Bular then went to New York where she secured employment finally working her way westward to Cleveland, Ohio. Here she was married to John McGuire. Just after their marriage which was fifty years ago, they came west and settled on the farm east of Pickering which has been Mrs. McGuire's home continuously since, with the exception of five years which she spent with a son, A. E. McGuire. Her husband died about forty years ago, and she is survived by three sons. They are E. E., and S. W. McGuire of Pickering and A. E. McGuire of Uniontown, Kan., a daughter, Mina J., died in 1876.

Two years ago Mrs. McGuire fell and injured herself so severely that she never fully recovered and remained an invalid from that time until her death. The funeral services were held Monday afternoon at the home of E. E. McGuire, east of Pickering, conducted by the pastor, Rev. S. P. Stillman. The burial was made in Oak Ridge cemetery. Mrs. McGuire had been a constant member of the Methodist church since her early childhood.

Guy Haller has moved from 201 West Thompson street to the Everhart flats, on South Main street.

NO SURFACE CARS RUN AT ALL

Great Thoroughfares In Poorer Districts Black With People Trudging to Work—Question of Wages Is Cause of the Walkout.

Chicago, June 15.—The second day of the big Chicago street car strike is proceeding without serious disorder thus far. No surface cars are being run, and only a few trains on the elevated. There was nothing resembling regular service except on the suburban lines of the steam railways, and these were far from adequate.

The strike was the big question before the regular meeting of the city council. Various resolutions looking to a settlement were proposed. One would pledge the city, which is a partner in the profits of the surface lines, to pay a proportionate share of any advance granted the men. Another suggested that a mediation board of five aldermen be appointed.

All manner of vehicle was pressed into service, even roller skates among some of the younger generation, but tens of thousands walked to their places of employment. The great thoroughfares through poorer districts were black with people trudging to work. They overflowed from the sidewalks onto the pavement. The streets had the appearance, except for the general good humor with which the situation was accepted, of the avenues of some city in the war zone from which the population was flying.

The quiet of the day was not accepted by the authorities as assuring continued tranquillity. Chief of Police Healey asked the finance committee of the city council for an appropriation of $477,684 to employ 1,000 extra policemen to be available in event of disorder when the companies made a real effort to operate. The committee decided to take the chief's request under consideration for two weeks.

A drizzling rain most of the day added to the discomfort of the city. Owners of automobiles driving to or from the city submitted generally to the amiable brigandage of those seeking rides. Few machines traveled with empty seats.

SHERMAN LAW HARD HIT

Government Is Denial Appeal In Cash Register Case.

Washington, June 15.—The supreme court declined to review the reversal by the sixth United States circuit court of appeals of the conviction of officials of the National Cash Register company of alleged violations of the Sherman anti-trust law.

By the decision the government lost the most important criminal prosecution that has yet come to trial under the Sherman law.

The circuit court reversed the conviction of President John H. Patterson and other officers of the National Cash Register company which carried jail sentences, although it did not deny the government the right to proceed in some other way.

The government's case contained many sensational allegations of unfair competition and monopoly, and in its appeal to the supreme court for a review referred to the defendants as "steeped in deliberate guilt."

Department of justice officials made no secret that they considered the efficacy of the criminal section of the Sherman law was at stake in the case which was lost to the government.

French Schooner Sunk By Submarine.

London, June 15.—The French schooner Diamont has been sunk by a German submarine off Pendine, Wales. The crew was given two minutes to take to boats and was landed at Plymouth.

Case Decided for Defendants.

The vace of Catherine Gebbekin versus P. L. Growney and P. R. Growney, which was sent to the Andrew county circuit court on a change of venue, was decided Saturday by Judge Burnes for the defendants.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
